RESOLUTION GRANTING APPROVAL OF A CONDITIONAL USE PERMIT TO CUT AND FILL IN A BLUFF ZONE FOR THE PURPOSE OF STABILIZING A SLOPE TO PROTECT AN EXISTING DWELLING. SAID REQUEST IS LOCATED IN THE SHORELAND OVERLAY DISTRICT OF MADISON LAKE AND THE CONSERVATION DISTRICT IN LOT 3, BLOCK 2, LAKE VIEW HILLS SUBDIVISION.

WHEREAS, Stephen Woehrle, owner of the following real estate in the County of Blue Earth, Minnesota, to wit:

WHEREAS; the Planning Commission of the County on the 3rd Day of June 2015, following proper notice held a public hearing regarding the request, and following due consideration of presented testimony and information, voted unanimously to forward the matter to the County Board,

WHEREAS; the County Board on the 23rd Day of June 2015, held a public hearing regarding the request, and following due consideration of presented testimony and information, voted unanimously to approve the request subject to conditions contained in staff report PC 07-15 and,

WHEREAS, the Blue Earth County Board of Commissioners finds:

1. That the proposed bluff stabilization conforms with the county land use plan.
2. The applicants have demonstrated need for cutting and filling in the bluff impact zone to protect an existing legal, non-conforming structure.
3. That the proposed use may prevent further degradation of water quality of the county.
4. That the proposed use will not adversely increase the quantity of water runoff.
5. That an engineer has certified that soil conditions are adequate to accommodate the proposed use.
6. That the proposed use does not create a potential pollution hazard.
7. That an engineer has certified that adequate drainage and other necessary facilities have been or are being provided to protect the structure and bluff from failure.
8. That facilities are provided to eliminate any traffic congestion or traffic hazard which may result from the proposed use.
9. That the conditional use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted.
10. That the establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding vacant property for predominant uses in the area.
11. That site specific conditions and such other conditions are established as required for the protection of the public's health, safety, morals and general welfare.

NOW THEREFORE BE IT RESOLVED, by the Blue Earth County Board of Commissioners, that the request for a conditional use permit to cut and fill in a bluff zone for the purpose of stabilizing a slope to protect an existing dwelling. 3. That a detailed plan for the proposed rock bed outlet shall be submitted showing the location, dimension, amount and type of materials to be used, anticipated water handling capacity and maintenance plan. Submitted plans shall be reviewed and approved by the County Zoning Administrator prior to commencement of construction activities.
4. That if the submitted rock bed outlet plan shows any part of the rock bed outlet being installed below 1020 foot elevation, a wetland delineation shall be performed to determine if, or to what extent, the proposal will impact any wetlands.
5. That grading or filling in any wetland must be undertaken in accordance with the rules of the Minnesota Wetlands Conservation Act, Minn. Stats. chs. 103A-103G.
6. That adequate methods must be utilized which minimize soil erosion and trap sediments before they reach any surface water feature.
7. That existing vegetation shall be maintained on the bluff and in the bluff impact zone. Existing vegetation enhances the stability of the bluff and preserves existing vegetation screening of structures as viewed from Madison Lake.

This Conditional Use Permit shall become effective immediately upon its passage and without publication.

--	---

The Blue Earth County Board of Commissioners, as Drainage Authority for County Ditch #96, held a public hearing on June 23, 2015, to consider the Petition of Greg Vashro to abandon a portion of County Ditch #96.

FINDINGS

1. On or about May 7, 2015 the Blue Earth County Board of Commissioners, as Drainage Authority for County Ditch #96, received a Petition from Greg Vashro for the partial abandonment of that portion of the overflow east of the proposed weir of County Ditch #96.
2. The portion of County Ditch #96 to be abandoned is approximately 1140 feet of the Cobb River Overflow lying east of the previously approved weir just east of the Blue Earth CSAH 14 and is located on property owned by Gregory and Maryann Vashro in Section 28 of Danville Township (T105N, R25W), Blue Earth County, Minnesota.
3. The Vashro's wish to put their land into a NRCS permanent wetland easement program creating additional flood plain along the Big Cobb River.

5. The existing berm constructed along the west side of the Big Cobb River is currently in disrepair.
6. On September 10, 2013 the Blue Earth County Board acting as County Ditch 96 Drainage Authority, approved the replacement of the existing berm with a new berm and weir to be constructed on the east side of CSAH 14.
